Florida School IPM Focus- Training

This issue covers a very important and time sensitive topic- Facilities IPM Technician Training. We understand that training and travel budgets have been reduced or eliminated for many programs. With this in mind the FPMA has begun partnering with IFAS to provide statewide training at several remote locations. Space is limited at some of the sites but there are 16 locations around the state where the **February 23rd** training will take place. We would like to encourage you to participate in this training opportunity.

Facilities IPM Technician Training

It is time for you to return to the classroom but not for a pest complaint. FPMA will present a Facilities IPM Technician Training broadcast from the Pest Management University location at Apopka Research and Education Center to 16 IFAS County Extension offices across the state. The cost of this 8:00 am - 5:00 pm training is only \$55 and includes training, booklets and lunch.

This partnership brings PMU to convenient, nearby locations. Space is limited so register today with the attached form.

For additional information please contact Mandy Judd at FPMA Headquarters 800.426.4829 or Mandyj@fpma.org

CEUs and Other Details

5 Hours of ID Card Holder Verifiable Training
2 Hours Core/3 Hours GHP CEUs
3 Hours Limited Structural CEUs
